Nairobi

Kenya's capital city has risen in a single century from a brackish uninhabited swampland to a thriving modern capital. Modern Nairobi is still the safari capital of the Africa, but the modern world has quickly caught up with the city. A frontier town no more, Nairobi has become one of Africa's largest, and most interesting cities.

Nairobi is a city that never seems to sleep. The entire town has a boundless energy, and is thriving place where all of human life can be found. This is a place of great contrasts where race, tribe and origin all become facets of a unique Nairobi character.

This is not a modern capital separated from the great wilderness that surrounds it. Just outside the city is Nairobi National Park, 113 sq kms of plains, cliffs and forest. The park is home to large herds of Zebra, Wildebeest, Buffalo, Giraffe and more. Rhino, Cheetah, and a large number of Lions are all found here, living wild within 20 minutes of the centre of town.

Out Of Africa Experience

Out Of Africa Experience

Follow in the footsteps of Karen Blixen as you travel towards the Ngong Hills, you feel swept immediately onto the film set of Out of Africa the moment you arrive. The old colonial farmhouse is simple, housing a few items that Karen Blixen chose and once enjoyed herself.

There are also the colorful gardens to explore, where several old coffee machines have laid untouched for decades. From here visit the Giraffe Centre, where the highly endangered Rothschild giraffe lives in peace. With an elevated viewing/feeding platform, this tour is wonderful for children.

Amboseli National Park

Amboseli belongs in the elite of Kenya's national parks, and it's easy to see why. Its signature attraction is the sight of hundreds of big-tusked elephants set against the backdrop of Africa's best views of Mt Kilimanjaro (5895m). Africa's highest peak broods over the southern boundary of the park, and while cloud cover can render the mountain's massive bulk invisible for much of the day, you'll be rewarded with stunning vistas when the weather clears, usually at dawn and/or dusk. Apart from guaranteed elephant sightings, you'll also see wildebeest and zebras, and you've a reasonable chance of spotting lions, cheetahs and hyenas. The park is also home to over 370 bird species, and it has an excellent array of lodges and an agreeably mild, dry climate.

Sit out on the shady veranda and watch herds of Elephants, Zebra and Buffalo while dining on delicious meals. The restaurant serves buffet style meals as well as a la carte. Theme nights such as Swahili and Barbeque night are held throughout the week. The lodge is happy to cater for any special dietary requirements.

The Pool Bar serves a range of refreshing drinks throughout the day. The Elephant Bar is an open air bar situated between the lounge and dining room. It offers a wide selection of beers, cocktails and fruit juices. Above the bar is a roof-top deck which is a wonderful place to relax with your refreshment and admire the panoramic views over the marshlands towards the majestic Mount Kilimanjaro.
